The region contains an enormous floristic diversity, grand sandstone escarpments, vast wilderness areas, wonderful bush-walking opportunities, challenging adventure, spectacular scenery and a rich history. It is also a botanical refugia area, harbouring many rare and primitive plants, the most famous of which is the Wollemi Pine. It also has very significant cultural values. Traverse this area from Wisemans Ferry to Jenolan Caves and discover one of the great natural wonders of the world.*

**Guide:** John Sinclair is an internationally recognized conservationist, who has been organizing safaris to Australia's World Heritage areas since 1984. This will be the fourth GO BUSH safari he has led to the area since the Blue Mountains were inscribed on the World Heritage List.

**Style:** This safari is based on budget and shared cabin accommodation with a maximum of 20 safarists travelling in a 22 seat Coaster bus. All safarists will be rostered to assist with catering.

**Price:** Included is all transport, accommodation and meal costs, and access to all sites.
